*by Preciosa*

**SPARKLING  
LIFE**

*...where the stylish, innovative design is born  
out of the craftsmanship of whole generations  
of glassmakers...*

The magic of our production lies in the fascinating combination of glass and light, enabling us to create unique lighting objects – both contemporary and classical lighting fixtures, glass sculptures (fountains, walls, ceiling decorations and others) and decorative objects.

These products combine two invaluable elements we have always regarded highly: the experience of the glassmaking craft that our glassmakers have handed down from generation to generation for three centuries and the state-of-the-art technological processes reflecting the current progress in science and technology.

The company's activity is mostly concentrated on both the realization of lighting projects and the production of residential lighting fixtures. We stand ready to implement project solutions according to our customers' personal wishes and requirements from design, technical drawing, through production, installation to the follow-up maintenance. We work constantly to vary the portfolio of lighting fixtures in the widest range of design styles, types and sizes.

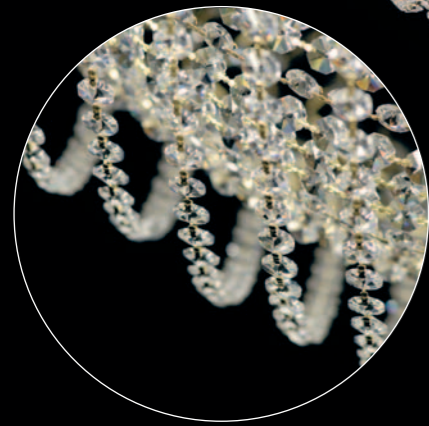

The catalog features four types of residential lighting fixtures and lamps in the classical style. The catalog opens with a line of lighting fixtures assembled from small, highly brilliant chandelier trimmings, fittingly called **“Brilliant”**. The types of both the **glass and cast fixtures** are based on the Luxurious Tradition line, differing, however, from them in rather modest decorative elements used. PRECIOSA's range of lighting fixtures is rounded out with a **line of table lamps**.

# Brilliant

**BRILLIANT**

THIS LINE OF LIGHTING FIXTURES, CALLED "BRILLIANT", BEARS ITS NAME TO REPRESENT THEIR MOST ELEMENTAL IDENTIFICATION FEATURE – TINY CRYSTAL CHANDELIER TRIMMINGS. THESE MACHINE-CUT GLASS COMPONENTS LEND THE FIXTURES GREAT BRILLIANCE. THE FRAMEWORKS' SHAPES ARE SIMPLE, MOSTLY EITHER WITHOUT ANY EMBELLISHMENT, OR WITH A MODEST PRESSED DECORATION.

**CRYSTAL LIGHTING FIXTURES**

THIS PRODUCT LINE IS BASED ON ALL-GLASS CUT CHANDELIERS REPRESENTING THE TRADITIONAL BOHEMIAN CLASSIC. THAT'S WHY THE FIXTURES' DESIGN ENHANCES THE OVERALL GLASS APPEARANCE AND VISUALLY SUPPRESSES THE METAL PARTS. THIS CONCEPT HAS FOUND EXPRESSION IN USING GLASS CHANDELIER TRIMMINGS AND OTHER GLASS COMPONENTS WITH SIMPLE CUT OR PRESSED DECORATIONS. TO EMPHASIZE THE DESIGNER'S INTENTION, CHAINS FORMED FROM MACHINE-CUT OCTAGONS DANGLE FROM THE FIXTURES' ARMS.

# Table Lamps

## TABLE LAMPS

TABLE LAMPS FORM A COMPLEMENTARY LINE TO RESIDENTIAL LIGHTING FIXTURES. THEY ARE BASED ON TWO BASIC ELEMENTS AND THE COMBINATIONS OF THESE: TEXTILE SHADES IN VARIOUS COLORS AND LEGS MADE FROM OPTICAL GLASS. THE LEGS' LINE IS SIMPLE THANKS TO COMPACT GLASS COMPONENTS OR A CONFIGURATION OF GEOMETRICALLY SHAPED PARTS. A MORE LUXURIOUS APPEARANCE CAN BE ACHIEVED BY DECORATIONS FORMED FROM CHATON ROSES.
